

BOWL R UPDATE

An update from your Board

As you will have read in our previous Board Updates we are now embarking on a series of activities to increase our membership. Ultimately targeting to reach a level of at least 650 by 2023.

A key step in this Project is the Club's investment in new software, including a revamp of our website. The Club's existing software being dated and no longer able to offer members the full functionality one would expect from a first class facility such as ours. The software system Bowlr has been selected and is now being set up within the Club.

Bowlr launch April 2019

The new system will be adopted in full for the start of the 2019 summer season. However, the Office is already using the system to manage our memberships and Malcolm Ward is now preparing the set up of our summer leagues.

“Bowlr offers integrated website provision with membership data, rink, league and Club competitions management”

Want to learn more about Bowlr? Just go to...
<https://www.bowlr.co.uk>

What happens next?

- ✦ iPads will now be installed within the bowling hall for members to enter their own league scores immediately after each game
- ✦ A larger tv will be mounted near the reception desk for members to view the Club's rink diary in real time when entering the Club
- ✦ We will shortly be migrating to our new Club website where users can view the Club's rink diary and Club leagues from smart phones, tablets or computers, all in real time
- ✦ Members will also be able to login to Bowlr from within the new website using their personal login details and both book rinks directly from their smart phones, tables or computers and view the Club competition trees
- ✦ A new terminal will be installed at the reception desk for both green stewards and members to view and book rinks from within the Club
- ✦ Training and 'help' sheets will be prepared for both green stewards and members ready for roll out
- ✦ The system will be set up ready to run the summer leagues and competitions

Questions?

Please speak with any of Matt Sellen, Neil Ramage, Malcolm Ward or the Office staff
