## FANTASTIC 5s

**Calling all summer bowlers.**

After our great run last year, reaching the National Quarter Finals, the Club will again be entering at least one team in the National Fantastic 5s competition this summer. Watch the notice board for further details. As a warm up, we will be running an internal Fantastic 5s

'style' league-based competition during the 4 week gap between our winter and summer leagues. This will be open to all bowlers and we would encourage everyone to join in. Again watch the noticeboard for further details!

## IN MEMORIAM

It is with great sadness that we have to report the passing of Derek Field, at home with his family around him. We will remember Derek as a kind gentleman who would readily help others. He so enjoyed his bowls, outdoors and indoors at Angel IBC.

Derek's funeral will be held in the small chapel at Tunbridge Wells Crematorium on Wednesday 6<sup>th</sup> March at 4pm and afterwards from 5pm at Angel IBC. All welcome.

Derek's daughter Maxine is making all arrangements. Her number is 07957 452386.

We must also sadly report the passing of Rachel Buck, who was a familiar figure in the club long after she became unable to bowl. Watch the noticeboard for further details.

## **NEW CLUB SOFTWARE**

Our new membership and league management system, Bowlr, is now installed in the club!

Whilst the plan remains to adopt the software in full for the start of the summer season, the team in the office are already using it to manage our memberships and Malcolm Ward is already looking at how best to set up our summer leagues.

As may be expected there have been a few minor glitches since the system was installed but these have all been resolved by the supplier, Bespoke4Business. We will continue to do further testing from now until full release.

Once released Members will be able to use the system on their own computers, tablets and smartphones to see rink availability, book rinks, view league tables updated in real time and to view the club competition 'trees'. Members will also be able to input their own league scores immediately after playing via ipads that we will install in the bowling hall.

Alternatively members will of course still be able to book rinks via the green-stewards and to view league tables on the noticeboards in the current manner.

So what next?

As well as completing our further testing ready for late April release, we will also now be busy installing the new Bowlr Club website (through which members will be able to see and book rinks) and creating training material for both our green-stewards and members. The training material will include simple step by step help-sheets and material for face-to-face member workshops which will be made available before the summer season starts and again before the winter season starts.

This new software is an exciting development for the Club and brings our membership and rink booking facilities right up to date. We hope members will enjoy the new opportunities it provides.

If there are any questions please ask Matthew Sellen, Neil Ramage or Mark Hutcheon.

## **NEW BOWLING COMMITTEE - UPDATE**

Chris Bruce, Jackie Clarke, Matthew Sellen and Malcolm Yates have continued to discuss how best to merge the existing Men's and Ladies bowling clubs and the two committees that run

them into a single entity. They are now discussing a proposed new structure, constitution and terms of reference with the two committees. If the proposals are approved then a resolution will go to the Ladies and Men's AGMs in April to merge.

Look out for more information soon on how things are progressing.

In the meantime, please ask any of these four people for more information or if you have any questions.

## CHRISTMAS RAFFLE

This is just a big thank you to all members who donated or contributed to prizes for the Christmas raffle, and then bought raffle tickets. The total raised this year was £606.80. It is the first time we have ever topped six hundred pounds, so thank you all once again.

**Parking.** It would be appreciated if members only use the car park when they are using the Club. Recently members have found it problematic to find a parking space despite the Club not being overly busy.
